

Chicago Tech Community Overview

Fast Facts:

- Chicago has all LOBs represented - Asset Management, Commercial, Consumer and Community, Corporate and Investment Bank and Corporate.
- Chase Tower in Chicago is centrally located in the heart of downtown Chicago. Easy commute from desired neighborhoods and the subway stops in the basement of the building.
- Affordability in living in a big city with good quality transportation, plethora of housing options and award-winning restaurants.
- Work-life balance is important and encouraged! Laid back technology culture with a casual dress code.

LOBs:

- Commercial Bank Technology
 - **Loan Servicing, Credit Portfolio Management, Sales & Relationship Enablement, Client Service, Production Implementation, Know Your Customer, Origination/Underwriting, and Shared Services.**
 - Our technical solutions and applications reach various clients from external customers to internal employees across different lines of businesses.
- Consumer & Community Bank Technology
 - **Credit Card, Home Loans, Digital, Operations Technology, Merchant Services, Data Ecosystem**
 - This group delivers customer-centric digital payments, shopping, originations, and activation experiences across Chase. This includes Chase.com which is the most visited banking portal in the US and the largest digital customer base in the country as well.
- Corporate & Investment Bank Technology
 - **Banking, Equities & Derivatives, Equities and Fixed Income Financing, Fixed Income Macro, Fixed Income Spread, Production Support, Regulatory Reporting:**
 - “Front to back” support is provided by technology, from executing to processing trades; for example, the firm processes securitized products by confirming, settling, and reporting trades. In addition, the bank helps to move cash and securities to entities, counterparties, and clearing houses.
 - Technologists work on various platforms within this group, focusing on Rates, Commodities, Foreign Exchange (FX); as well as Athena Core, a proprietary data analytics and trading platform
 - The core of CIB Tech services, this includes production management and cloud

Business Resource Groups (BRGs)

A **Business Resource Group (BRG)** is an inclusive group of employees who voluntarily work together to advance JPMorgan Chase's position in the global marketplace by leveraging the unique perspectives of their members. Get involved in one or more of the Chicago BRG chapters:

A resource on disability issues, a voice for employees with disabilities, and a partner in the success of all JPMorgan Chase colleagues. [Learn more...](#)

Foster an environment of diversity by empowering Hispanic and Latino employees to identity and pursue opportunities for career development and community. [Learn more...](#)

Enhance the professional development and improve leadership opportunities of JPMorgan Chase employees of Asian heritage and advance Firm's commitment to diversity and community involvement. [Learn more...](#)

Provide all employees, specifically those African descent, with an empowering environment that focuses on professional and personal development in support of the company's business goals and initiatives. [Learn more...](#)

A collaborative forum for early career professionals who want to actively advance an inclusive workplace while developing personally and professionally. [Learn more...](#)

Engage and support Lesbian, Gay, Bisexual, Transgender employees, Allies, management, other business resource groups in promoting an inclusive environment within the workplace. [Learn more...](#)

Dedicated professionals committed to encouraging personal and professional development, while sharing valuable information. Sage partners with all lines of business, globally and at all levels of management to promote professional excellence throughout the firm. [Learn more...](#)

A forum for women at JPMC to collaborate and grow as professionals. We work with the lines of business, locations and human resources to ensure that our members can access the tools that enable the successful retention, development and advancement of women at all levels at JPMorgan Chase. [Learn more...](#)

VETS is a group who facilitates the firm's military veteran efforts by being the voice of veterans; helping to identify and advocate opportunities that will keep our firm as an industry leader, deepening our commitment to veteran families through chapter development, growth, outreach programs and open dialogue. THE VETS BRG is NOT JUST for veterans and military families. Membership is open to all current employees. [Learn more...](#)
